

WELCOME

When one reaches old age or has limited physical disability and begins to seek emotional, spiritual, philosophical and spiritual support. This is often the segment in an individual's life when he/she is often left at home or without support in their home. At the present, the needs of the older generation and the disabled finally found a place in the priorities of concern among families.

Generation Adult Day Services, Inc. is decided to participate in the communal work of providing services to aging individuals, people with disability and sickness which can be treated at home. The nature of our service is conditioned to adapt to the needs of every individual. We are determined in translating our sympathy to the plurality of life by making positive actions and responses to every need of families.

ABOUT US

Generations Adult Day Services, Inc. is a Georgia Medicaid waiver provider for Community Residential Alternatives Services (CRA), and Community Living Support Services (CLS), which provides services to all individuals who have an intellectual disability in the privacy and comfort of their own home and or in a host home setting.

We also are a Georgia private home care provider who offers personal care, companion-sitter and nursing services. From personal to nursing assistance, you can tie up with the most recognized source of healthcare needs in various settings.

Over the years, we have honoured our team approach that involves the participation of our staff, the individuals we serve, the family members, our nurse and physicians. Such approach enables all individuals to have a person centered plan that enhances their lives and provide a loving and caring environment. If you need more information, you may reach us through -

OUR SERVICES

We have produced several solutions to the multiple needs of individuals. Your demands and conditions shape our services. Below are the services we offer to you.

Community Living Support Services

Community Living Support Services (CLS) are designed to give individuals the opportunity to participate in activities within the community.

Personal Care Services, Companion-Sitter Services

These services include but are not limited to assistance with all daily living skills such as bathing, dressing, grooming, toileting, meal preparation, laundry services, recreational activities, and housekeeping.

Communication

Support staff always encourages positive interaction and intervention in either home or community environment while enhancing capabilities that are suited for individuals.

Activities

Social, educational, cultural, and recreational, such as arts and crafts, bowling, movies, visiting malls, exercise clubs, visiting friends and family, computer class, GED preparation.

Community Residential Alternative (CRA)

CRA is a programs designed so that an individual with an intellectual disability can live in a host-home setting which allows him or her to be a part of a family.
